

### LPG, Natural Gas (Methane) Alarms (0-100 % LEL, 0-100 % Vol)

<p><b>PolyGard Stand Alone Gas Alarm:</b></p> <ul style="list-style-type: none"> <li>• with integral gas sensor</li> <li>• optional: buzzer, flasher, keyboard, display</li> <li>• 4 x integral relays</li> <li>• 24 VAC/DC operation (240 VAC – 24 VDC plug-pack optional)</li> <li>• 4-20 mA analogue output</li> <li>• <b>Gas Types: CO, NO2, NH3, O2, Ex</b></li> </ul>	
<p><b>Flammable Gas Alarm:</b></p> <ul style="list-style-type: none"> <li>• with Ex catalytic sensor</li> <li>• 0-100 % LEL</li> <li>• Optional bar graph display, keyboard, flasher, buzzer</li> <li>• 4-20 mA output, relays</li> <li>• 24 VDC / AC operation (240 VAC – 24 VDC plug-pack optional)</li> <li>•</li> </ul>	
<p><b>Single Gas Monitor / Alarm 2000 Series:</b></p> <ul style="list-style-type: none"> <li>• Ex 2000 C : For combustible gases in % LEL or % Vol (0-100% Vol Methane)</li> <li>• GDP 2000: Distinguish between Natural Gas and other Ex gases</li> <li>• For Toxic gases and O2 deficiency</li> <li>• C 2000: IR based CO2 Alarm</li> </ul>	
<p><b>Remote Sensor/Transmitter:</b></p> <ul style="list-style-type: none"> <li>• remote 2-wire or 3-wire gas sensor/transmitter (4-20 mA)</li> <li>• <b>for gas types: Ex, CO, O2, NH3, NO2 &amp; other gases</b></li> <li>• optional – display, keyboard, buzzer, flasher for controller</li> </ul>	
<p><b>Area Surveillance Gas Alarm BM 22 / BM 25:</b></p> <ul style="list-style-type: none"> <li>• ATEX Europe Hazardous area certified</li> <li>• Stand alone multi-gas alarm with Radio Link and Tripod (<b>LPG, Methane</b>)</li> <li>• Plug-in Gas sensors (upto 4) for confined space or construction sites</li> <li>• Gas Types: Ex, CO, O2, H2S and others (relays for external a-v alarms)</li> </ul>
